PRIVATE EVENTS

# A PART OF HISTORY

When you choose Jonathan Club for your special event, you are choosing to be part of a story 125 years in the making. Founded in 1895, Jonathan Club began as a modest social Club in the heart of Los Angeles. Generations of members have included some of the most influential figures in American and California history, shaping our city into the modern pillar of culture, production and worldwide influence that it is today.

Guests at your Beach Club event will enjoy the panoramic views of the Pacific and the reverberance of the crashing waves. The Club offers various rooms, all with ocean views, and outdoor areas on the sand that will set the backdrop for an unforgettable event.
